

E-Learning Character Challenge

Think about someone you know. Without thinking about their physical appearance, how would you describe them? Funny? Honest? Kind? Brave? All of these words used to describe someone's personality are called *character traits*. They are words used to describe how people act during certain situations or what kind of people they are. What kind of character traits do you want people to use to describe you?

At the end of the week, complete the linked reflection form and tell us how you did! We may even choose some lucky students to win prizes! Let us know if you have any questions!
